I'm a 3D Artist specialized in Architectural Visualization (ArchViz) and product CGI, experienced in producing photoreal renders, real-time previews and animations with Unreal Engine, Blender, Corona Renderer, KLING, VEO 3, and more.

Since early on, my dream has been to dive into cinema and the broader world of imagery – especially 3D. That passion drives me to keep learning, growing, winning and aiming high. I also care deeply about supporting others, because creativity thrives in collaboration.

In parallel, I work as a Performance Ads Designer (US agency, 2024–present), creating end-to-end creatives for Meta, LinkedIn, Reddit and Google: static, motion and UGC. I operate with fast iteration cycles and a data-driven mindset, preserving brand consistency and execution quality.

Key differentiator: advanced, professional AI applied to image and video. I integrate AI across the pipeline without sacrificing fidelity or craft: from from-scratch generation and visual ideation, to editing and enhancement (inpainting, upscaling, artifact correction, denoising), plus automation of creative workflows to accelerate delivery while keeping artistic control.

Tooling I master: ComfyUI, KLING, VEO 3, ArcadsAI, Runway, Google Gemini, Nano Banana, Visual Electric, Reve Image, etc.

What I deliver:
· ArchViz – photoreal exteriors/interiors, materials/lookdev, lighting, post; cinematic shots; interactive previews for review.
· Product CGI – stills and animated visuals with fine detail and realism.
· Performance Ads – multi-format production (1:1, 9:16, 16:9), speed-to-creative, data-guided iteration.
· Post – high-end image retouch (Photoshop + AI), video editing, sound tweaks.

How I work: clear brief -> rapid prototypes -> short iteration loops -> controlled final delivery. Clean communication; organized versioning; backups and file hygiene. Open to art tests or proof-of-concepts.

Languages: Portuguese native · English C2 · French intermediate (B2 in progress) · Spanish intermediate · German beginner.
Mobility: Open to opportunities in French- and German-speaking Switzerland; preference for international English-friendly environments.

RECOMMENDATIONS

Harun Asefa
VP of Operations at GrowthHit

Vitor has been working with us at GrowthHit for almost two years, and he's been incredible to work with. He's professional, creative, and really knows his stuff when it comes to paid ad creative.

What I appreciate most is how forward-thinking he is. Vitor has completely changed how we test and use AI in our creative process. He's always pushing us to try new tools and new ways of working, and that's had a big impact on our team.

On top of that, he's just a great person to collaborate with – reliable, easy to work with, and always bringing fresh ideas. I'd highly recommend him to anyone.

Angela Brugioni
Creative Director | Partner at Neat Apparel

I had the pleasure of working with Vitor on performance ad campaigns, where his creativity and eye for detail elevated every project. He has been a champion at integrating AI into the design process, and his

adaptability made the work both innovative and effective.

Yevheniia Moroz
Digital Designer

Working with Vitor has been a truly inspiring experience. As a fellow designer, I've been amazed at how effortlessly he blends creativity with technical skill, especially in the areas of AI image and video generation. His work is always polished, imaginative, and a step ahead of the curve.

What I value most about collaborating with him is his openness and generosity – he's always willing to share knowledge, exchange ideas, and push concepts further.

Vitor is not just a talented creator, but also a great teammate – someone who makes the process enjoyable while consistently raising the bar.

Daniel Ferreira
Media Buyer | User Acquisition Manager | PPC Specialist | Paid Media Specialist

Working with Vitor was a real privilege, as it gave me the chance to see not only the high standard of his work but also the thoughtful way he tackles challenges. He was always open to sharing his knowledge, particularly in design, web development, and editing, and I benefited greatly from his support and insights.

What I admired most was his originality and talent in 3D – every project he created had something unique that stood out. Beyond his technical expertise, Vitor combines professionalism with a strong sense of responsibility. He's dependable, collaborative, and someone you can always trust to deliver outstanding results.

Pedro Rocha
eRetail Search Coordinator at Nestlé | MSc in Data Driven Marketing | SEO | Digital Marketing

I had the pleasure of sharing an office with Vitor, which gave me the opportunity to see firsthand the quality of his work and the way he approaches challenges. He was always willing to help me, especially with design, web development, and editing skills, and I learned a lot from his guidance.

What stood out the most was his creativity and talent in 3D – his projects never failed to impress me. Beyond his technical expertise, Vitor brings a strong work ethic and a real sense of responsibility to everything he does. He's reliable, collaborative, and someone you can always count on to deliver great results.

André Ferreira
Media Buyer | PPC Specialist | User Acquisition Manager | Paid Media Specialist | Digital Marketer

I had the opportunity to work with Vitor on several projects. As a graphic designer, he combines creativity, precision, and an excellent understanding of client needs. He particularly stands out in creating ads for platforms like Meta, producing images and videos that not only capture attention but also deliver the message clearly and effectively.

Highly professional, with great attention to detail and a strong ability to meet deadlines – he's an invaluable asset to any team.

Daniel Oliveira
Architect and Project Manager

An outstanding professional. Technically knowledgeable, always up to date, and constantly eager to learn.

His broad skill set – including 3D, design, video, image editing, and production assistance – gives him a wide perspective and enables highly effective responses to any challenge presented to him.

Angelina Pereira
Master's Student in Service Engineering and Management

I had the privilege of working with Vitor Hugo, and I can confidently say that his combination of talent, professionalism, and creativity is truly exceptional. With impressive experience in 3D, marketing, and web development, Vitor not only delivered high-quality results but also guided and supported me in each of these areas with clarity and effectiveness.

What stands out most about Vitor is his ability to combine strategic vision with meticulous attention to detail. He can transform complex ideas into practical, creative, and visually compelling solutions.

Moreover, his collaborative, empathetic, and approachable attitude makes working with him an inspiring and motivating experience.

I wholeheartedly recommend Vitor Hugo to anyone looking for a multifaceted, innovative, and reliable professional. His contribution was decisive to the success of the projects we worked on together, and I'm certain he will continue to exceed expectations in any challenge he takes on.
